WCC Projects Update

- **Civilian Conservation Corps Trail:** Plans are moving forward to develop an informational kiosk near the trailhead off Route 155. Covid-19 has slowed the progress a bit. A public group outing on the new trail is not possible at the moment because of Covid-19.

- **Rec Center Trail:** Preliminary discussion continues on the feasibility of a bike/walk trail along the west side of the river from the Playhouse to the Rec Center. Ann F. will talk with abutter Kim Price. Ann F. and Andrew will attempt a walk of the area to get a better sense of the proposal.

- **New Projects:** A representative from the new Londonderry group working on various aspects of town planning, economic development and recreational opportunities will be updating members of the Mountain Valley Trails Association on the group's proposed new bike trail. MVTA members will report back at our next meeting.

Old and New Business

Community Garden Update: Retta will stay in touch with Marisa Bolognese, but nothing new to report.
