

To be added to Driveway Access Policy
Adopted September 14, 1999.

R: 11/8/2022 - Article 24: PAVING OF DRIVEWAYS ON UNPAVED TOWN ROADS:

This Policy is intended to ensure that any paving of driveways on unpaved Town roads in Weston does not:

- Expose the paved driveway to damage from snowplows.
- Cause drainage issues that could damage town roads.

On unpaved town roads, any paving of a driveway within the Town's right of way (usually within 29 feet of the center of the town road) will require a Highway Access Permit from the Selectboard.

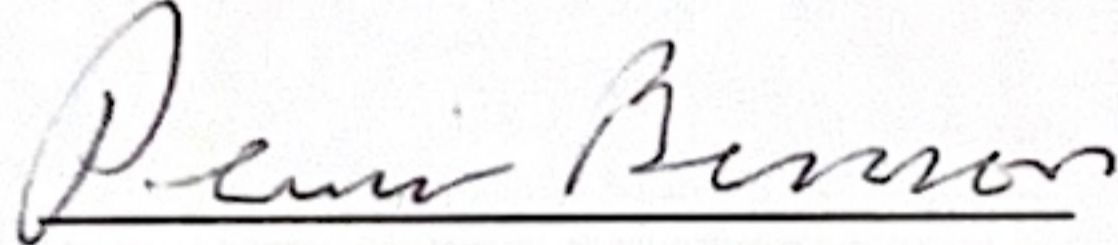

Adopted by Selectboard: November 9, 2022
