Dear Ken,

We received your June 20 letter.

Both of your letters and our responses have been posted to the Weston website, and this one will be posted there soon after we send it to you. Publication of the acknowledgement satisfies the Commission's obligations under 1 V.S.A. § 314(2)(A).

In order to meet its obligations under 1 V.S.A. § 314(4), the Weston Conservation Commission will be including its discussion of the technical violations at its regular meeting on July 7. While we have reviewed the minutes of meetings in the last year and have found no actions that would need to be ratified, this will also be discussed at the meeting. We will also discuss the steps we will take to avoid any future violations.

Signed, *Andrew Harper*
